GitHub

Languages:

Spanish: Bilingual or native proficiency

English: Basic professional competence.

Professional profile:

I am a web and Android developer currently building solutions for small and medium-sized enterprises. I consider myself a critical and resourceful individual who always strives to find the best solution to provide value to clients.

I am seeking opportunities for internships in the field of professional Android or web development where I can enhance my programming skills through teamwork. As my career progresses, I would love to transition into a full-stack role.

Work experience:

Freelance Developer dec. 2020 – present.

Android (Kotlin) || Web: HTML5, CSS3, Javascript, SASS, Bootstrap 5, Git, GitHub, Git Bash.
